

Thinking about Guardianship?

- ✓ Are you concerned about the safety or protection of a family member with a disability?
- ✓ Are you the parent or family member of an individual with a disability who is turning 18?
- ✓ Have you thought about the legal implications of guardianship for your family member?
- ✓ Has someone suggested you should pursue guardianship for your loved one?
- ✓ Did you know there might be options you're not aware of that would work for your situation?
- ✓ Do you work with individuals or families who may be considering these issues?
- ✓ Are you a teacher or other school staff that work with students who are in the special education transition process?

Join us for Module I: Pre-Determination

Date: Wednesday, February 24, 2010

Time: 10:00am to 12noon

Location: EITAS – Developmental Disability Services of Jackson County

8508 Hillcrest Road, Kansas City, Mo. 64138

*For more information or to **RSVP** your attendance, contact:*

Rachel Hiles @ hilesr@umkc.edu or 1-800-558-8652

The Alternatives to Guardianship Project seeks to empower individuals with developmental disabilities and their families to make informed decisions about guardianship issues and to explore less-restrictive alternatives to guardianship.

The Project is funded by the Missouri Planning Council on Developmental Disabilities (MPCDD)

It involves collaboration between:

- Missouri People First
- UMKC-Institute for Human Development, UCEDD (IHD)
- and Missouri Protection & Advocacy Services (MoP&A).

This training is provided FREE of charge.
